

GHCI APPLICATION GUIDE

GHCI 2020

13 AUGUST 2020

WRITTEN BY

TEENA JOY PJ
GHCI 20 SCHOLAR
INDIA

Hey there !

GHCI or Grace Hopper Conference of India is the Asia's largest gathering of **women in tech**, powered by AnitaB.org.

Are you a GHCI aspirant? But don't know where to start?

I am here to guide you !

SAMPLE APPLICATION FORMAT

.....

It's a highly competitive scholarship, since AnitaB.org is getting thousands of applications every year, from different parts of India. I am a GHCI Scholar of 2020 and I spent hours and hours of time in editing my application, just to make it PERFECT.

I will share a quick sample format of GHCI application, follow it step by step, because your single application can do wonders.

Here it goes..Start typing like this...

Personally I am so much excited and delighted to fill this GHCI 20 application form , yeah I mean it because I know that Grace Hopper Celebration India is Asia's largest gathering of women technologists! // show your interest in GHCI

Firstly, what thrills me more about GHCI is the career fair through which my senior Miss. Archana Venugopal,a GHCI 19 scholar got offer from EY. // show that you researched about GHCI before

Meeting recruiters of world's leading tech giants at the age of 22 is just like dreams come true for every techy-girls like me.

Secondly, GHCI is a once-in-a-lifetime opportunity to interact and network with co-scholars , who are in our same page, who can understand us and can motivate us right through our journey.

//tell them why you want it & use timeline keywords like firstly, secondly etc.

Thirdly and honestly I want my profile title to be 'GHCI 20 SCHOLAR' , sounds great right?// be genuine, illustrate your emotions

Last but not the least, I am a Data Science enthusiast working on plethora of real world DS projects to advance my analytical and problem solving skills and I hope GHCI will provide a wonderful platform to find exemplary mentors and innovators who can correct me and support me on the way. // tell them who you are, they don't need anything less than BEST

Finally, the project I am working on right now in Data Science and Machine Learning has got the real potential to get converted into a business model prototype, for which a perfect mentor support is mandatory, so I do hope that GHCI is the call for me ! // mention your current status, links to your websites, portfolio etc. here

I am highly passionate in:
Data_Modeling & Inferencing
Data_Wrangling
Data_Visualization
Tableau_Public
Image_Processing
R_Python_SQL // needless to say, skills are important, highlight it, use some bullet points if necessary

DATA_WRANGLING_PROJECTS

- * Analysis of TMDB Movies Data
- * US Murders Data Wrangling In R

DATA_ANALYSIS_PROJECTS

- * Uber_Rides Data analysis
- *Exploratory Data Analysis On Whatsapp Group Chat
- * EL CAMINO- Pothole Detection & Alert System For Scientific Road Management //List out your projects

- * AICTE CHATHRA VISHWAKARMA AWARDS 2019
Business model competition conducted all- India, in which our project - EL CAMINO got selected from 3000+ entries including IIT's //quantify your achievement in numbers as mentioned above, it will give you an edge.
- * TATHVA BLUE- PRINT @ NIT CALICUT 2019
- * EUREKA! E -CELL IIT BOMBAY 2019

Follow this format,you will get it &you will thank me later for sure.
Make it error free, beware of the grammar & spelling mistakes,
request your seniors or mentors to proofread it twice before you
submit it.

So..... I hope, this article helped you, if yes take a minute to share
your reviews.

Cheers,

Have a thoughtful September
